

Patient Billing Information for PROSTOX testing

PROSTOX testing coverage varies depending on your insurance provider.

If your insurance does not cover *PROSTOX Ultra* or *PROSTOX Standard* you may still be eligible for significant cost savings through the MiraDx Financial Assistance Program, which offers reduced pricing based on household income. Eligible patients may pay as little as \$0, with a maximum out-of-pocket cost of \$295 per test.

MiraDx Billing Process

- 1 Your physician orders a MiraDx test.
- 2 After the test is completed, a claim is submitted to your insurer.
- 3 You will receive an **Explanation of Benefits (EOB)** from your insurance. **This is not a bill**—it simply explains how the claim was processed.
- 4 If the claim is denied, we may contact you for permission to appeal. Appeals can take time and may involve additional updates from the insurer.
- 5 In the event of financial responsibility, MiraDx will send an invoice. Do not make payment until you receive this invoice.

Medicare Patients

At this time, Medicare does not have a specific coverage policy for *PROSTOX Ultra* or *PROSTOX Standard*. Please note that you may receive a Medicare Summary Notice (MSN) or other communication from Medicare indicating that the test was not covered, however, these notices are informational and do not mean that you owe any payment to MiraDx for testing.

We are Committed to Helping Eligible Patients Access the Testing They Need

If you have questions about the potential cost of PROSTOX, any insurance notice you received, or applying for our financial assistance program, please contact our billing team:
